## INITIATION project

### 2nd Transnational Partner Meeting

The 2nd Transnational Partner Meeting and Training activity for Teachers took place in PALERMO between the 15-19<sup>th</sup> of May 2023.

As part of the project meeting, the partners had the opportunity to review all pending issues, with a highlight on important milestones to be completed before the interim report.

Particular emphasis was given on the finalization of the INITIATION online training platform as well as on the development of the curriculum of high school students.

The project meeting took place after the successful completion of the "Learning Training Activity" workshop. Both events were highly acclaimed and considered a resounding success. Further details about the " Learning Training Activity " workshop, will be provided in the following section.

### Current status

Currently, the INITIATION consortium is making significant progress in refining the modules and teachers' Handbook for the purpose of piloting them in schools. The consortium members are diligently working on enhancing the quality and effectiveness of these educational resources.

The developed materials and mini-games have proven to be highly engaging and captivating, generating a lot of excitement among the project team. The consortium is confident that these resources will greatly contribute to the learning experience of students.

To ensure easy access and widespread availability, the project's website and platform will soon host the materials and games. This means that educators, students, and other interested individuals will have the opportunity to explore and benefit from the INITIATION project's offerings. The consortium is eager to launch this platform and witness the positive impact it will have on education.

## Learning Training Activity

Teachers from partner countries recently attended the 'Train the Trainers' workshop organized by the INITIATION consortium. The workshop, held from May 15 to 18, 2023, aimed to equip trainers with the necessary skills and knowledge to effectively deliver the INITIATION curriculum training program.

The intensive 3-day workshop comprised experiential and hands-on activities, allowing participants to actively engage with the INITIATION courses. It provided a platform for reflection and discussion on the curriculum. By the end of the workshop, all participants were enthusiastic about integrating the gamified online environment and felt confident in their ability to deliver the INITIATION courses.

Teachers and partners involved in the workshop expressed their satisfaction with the consortium's efforts to introduce them to the social entrepreneurship and social innovation materials and the online training approach that forms the foundation of the INITIATION courses.
